Song Flow: 1,2,R,3,R,4,R

1 Verse 1:
When our churches faint and our leaders flee,
When the boasts of men turn to tragedy;
When the sin we've fought becomes our shame,
When our trust is gone He still remains,
When our trust is gone He still remains.

2 Verse 2:
All we taste is loss, all we know is hurt;
But His promise stands- He will build His church.
He will not forget our fear and pain,
Though our faith is weak His love remains,
Though our faith is weak His love remains.

R Refrain:
We lift our eyes to see the King
Still reigning on His throne.
We stand secure, He shall not flee-
The church remains His own.

3 Verse 3:
Jesus came in love for His enemies,
We who were at odds now are family.
By His precious blood He overcame,
Through the gates of hell His powâ€™r remains,
Through the gates of hell His powâ€™r remains.

4 Verse 4:
When the feast has come and His bride appears
He will wash her stains and will dry her tears.
We will sing as one, "the Lamb was slain!"

**For eternity His church remains,
For eternity His church remains.**
