Verse 1:

**The sun beats down on my misdeeds,
In darkness there is one who sees,
The great accuser charges me
And I have no excuse.
My secret thoughts are overheard
And measured by your holy word,
My ruined conscience you observe
And I have no excuse.
Father, I have sinned
But you will not condemn.**

C

Chorus:

**The cross is higher
Than all the law required.
See the mountain of my ugliness
Levelled by your grace.
The cross is higher,
Your life is mine forever,
I am covered by your loveliness
And run to your embrace,
The cross is higher.**

Verse 2:

**My every day confirms my guilt-
What I have done, what I have willed,
But at the cross your blood was spilled,
So I need never hide.
And now I mourn unrighteousness
For every sin brought pain and death,
In love you gave your final breath**

**To call me to your side.
Father, I have sinned
But you will not condemn.**
